General Specifications

Seat/Back: Seat is formed thermoplastic. Hannah is available as a stacker chair, chair on casters, counter height stool, bar height stool, swivel task chair and swivel task stool. Arm rest versions are available for all Hannah items. For upholstered Hannah seat you must order the desired thermoplastic seat AND the Hannah Upholstered Seat Cushion (HAN600A), in the grade you desire, as separate items.

Frame: The frame assembly is comprised of 1", 16-gauge powder coated steel tubing. The frame is completely welded. Black tap-in ABS glides are standard for non-mobile units. Mobile units are fitted with twin-wheel locking casters for multiple floor surfaces.

Arms (if applicable): Arm frames are to use the same powder coat as frame, to match. Arm rests are black.

5-Position Chair: For the armless stacker Hannah Chair: sit in the traditional way, sit reverse to the traditional way, sit sideways (either way) and the rolled waterfall design allows back to serve double duty as an arm-rest or, here is the tricky one.....support your perch on the rolled waterfall back (not suggested for caster models).
