

“How do I add finishes to...”

Nomad

Select your Nomad model from the MTContract Nomad price sheet by model number.

Follow the Step-by-Step method to tell us how you want your Nomad finished. Make sure you indicate your finish choice for each step below in your purchase order. We will list your choices as notes below each individual model number in your order acknowledgement.

A break down of the Nomad model number is shown to the right.

Note: Transaction Top Left or Right is determined by the perspective of the user. Desks with out a transaction top will have an “X” in the model number and will affect the left or right position of the main (large) panel, also determined by the perspective of the user: for example ND-75XL-MOB will have the main (large) panel positioned on the left.

Step 1: Select HPL for Main (Large) panel.

See our selection of finish choices at
<https://www.mtcontract.com/resources/finishes>

Enter your selection on “Main/Large Panel HPL” line on the last page of this designator.

Step 2: Select HPL for smaller accent panel.
