General Specifications

Upholstered Seat and Back: Seat cushions are 3-1/2" high-density upholstery grade foam on a 11/16" engineered wood frame. Vinyl and fabric upholstery is available. Can use a combination of both. Upholstered seat and back cushions are fastened to bench base and bench back with hook and loop fasteners.

Bench Base and Bench Back Panels: Bench bottom is 3/4" black melamine with 3mm black PVC edge. Bench back panels are fabricated of 3/4" thick engineered wood with either HPL surfaces and 3mm PVC edges or oak or maple veneer surfaces with 3mm wood edges. Back panel is bolted to frame assembly with metal-to-metal connection. Base panel assembly is bolted to frame assembly with metal-to-metal connection.

To Order, Choose Finish Selections & Options

Upholstery: Choose fabric for seat and back cushion.

Frame: Choose powder coat option for steel frame.

Edges: Choose PVC or wood edgeband.

Bench Base and Back Panels: Select from our high-pressure laminate, wood veneer or melamine selection. Sprayon available on veneer.

See **MTContracts'** Finish selections at <https://www.mtcontract.com/resources/finishes>
View our fabric choices at <https://www.mtcontract.com/resources/fabrics>

High Back Option: Bench back panel increased in height to bring overall bench height to 48".

Frame Assembly: The frame assembly is fabricated of 1.25" square powder coated steel tubing. End frames are welded assemblies. Bolt-together spanners complete the seat frame assembly. Legs fitted with ABS leveling glides.
